Dear Mr. LaPorta,

Thank you for the organization's gift of \$1,000.00 (check #2640, dated 12/14/2020) to the Barbara Sinatra Center for Abused Children for Christmas toys for the children.

The mission of the non-profit Children's Center is to counsel sexually, physically and emotionally abused children, and to break the devastating cycle of abuse. With your generous donation, we are able to treat these young victims through the use of individual and family therapy, along with other programs designed to meet their specific needs. **Importantly, 100% of your donation is used for patient care and programs. We are able to accomplish this as all administrative costs are covered by an annual contribution from the Barbara Sinatra Children's Center Foundation.** Through hard work and dedication, we are able to provide a safe and secure environment for these children, one where they can begin to heal and move forward with their lives.

I am forever grateful for your support and concern, and hope you will accept my invitation to tour our facility. We would like you to see first-hand how your kindness and generosity help us keep our commitment to child victims of abuse and their families who look to us for help.

Again, thank you for your contribution. With your help, we are able to give these children a chance at a future full of hope and possibilities.

Sincerely,

John Thoresen
Director/Executive Officer
